ABOUT GUNGUNWALA

We Bring Wealth of Experience of 1200+ Projects to each New Project

GUNGUNWALA FOOD EQUIPMENT PVT. LTD (ISO 9001:2015 Certified Company) was born in **2010** in **AHMEDABAD - GUJARAT INDIA** are one of the renowned Manufacturers and Exporter of various snacks food processing equipment such as Continuous Frying Systems like Automatic Chips Fryer, Fully Automatic Pellet Frying Line, Potato Chips Plant, Continuous Namkeen Fryer, Batch type Fryer like Circular fryer, Rectangular fryer, Direct Heat Rectangular Fryers, Wooden Based Boiler (3 Pass & 2 Pass Heating System), Thermic Heat Exchanger & Wooden Based Thermic Fluid Heater (4 Pass & 3 Pass Heating System)

Unit-1

Unit-2

Export

We have experience in dealing with clients located in UK, Australia, Africa, Malaysia and many more countries.

Team

We have Specialized and Technical Qualified team to Achieve our Mission

MR.S.P. SINGH
(+91) 99097 20566

MR.PRITESH SINGH
(+91) 99789 20568

Managing Director

Mr.S.P.Singh who had laid down the Foundation stone of GUNGUNWALA Food Equipment Private Limited with grate experience in same market segment. Our Focus is not only as manufacture but also balance the quality, pricing and delivery timings simultaneously.

RESEARCH DEVELOPMENT

Gungunwala Food equipment private limited company has the qualified team of engineers for designing, drafting to produce the word class product.

- ➔ State-of-the-art infrastructure
- ➔ Ethical business practices
- ➔ Team of qualified & dedicated professionals
- ➔ Unmatched style and quality of products
- ➔ Cutting edge technology
- ➔ Cost effective prices
- ➔ Innovative designs
- ➔ Timely delivery

Semi Automatic Potato & Banana Chips Frying line

The Semi Automatic Chips Frying System is Suitable for Frying Potato chips / Banana chips & Potato sticks.

Features of Potato Chips Frying line

Model	SA-PCL-100	SA-PCL-200	SA-PCL-300
Production Capacity (Finished Chips)	100 Kg/Hr	200 Kg/Hr	300 Kg/Hr
Total Heat Load	2 Lk Cal	4 Lk Cal	6 Lk Cal
Maximum Power Consumption	19 HP	20 HP	22 HP
Edible Oil Holding Capacity	480 Ltr	580 Ltr	670 Ltr
Total Length of production Line (Without Blancher)	55 feet	55 feet	55 feet
Automation Level	PLC – HMI		
Product Detection Sensors	Attachment Available in all Models		
Blancher	Attachable in all Models		
Fryer Insulation	Fiber Glass Insulated Fryer Body (Minimizing Heat -loss)		
Supported Potato Products	Plain Chips, Ruffles Chips and Potato Sticks		
Auto Oil Level	Attachable in all Models		
Width of line	15 feet		16 feet
Weight	Based on Models		

Features of Banana Chips Frying line

Model	BCL-100	BCL-200	BCL-300
Production Capacity (Finished Chips)	100 Kg/Hr	200 Kg/Hr	300 Kg/Hr
Total Heat Load	2 Lk Cal	4 Lk Cal	6 Lk Cal
Maximum Power Consumption	14 HP	16 HP	18 HP
Edible Oil Holding Capacity	480 Ltr	580 Ltr	700 Ltr
Total Length of production Line (Without Blancher)	50 feet	50 feet	55 feet
Automation Level	PLC – HMI		
Product Detection Sensors	Attachment Available in all Models		
Fryer Insulation	Fiber Glass Insulated Fryer Body (Minimizing Heat -loss)		
Supported Banana Products	Round, Oval, Long (Capacity may change based on shape)		
Auto Oil Level	Attachable in all Models		
Width of line	15 feet		16 feet

GUNGUNWALA
FOOD EQUIPMENT PVT. LTD.

Fully Automatic Fryums and Pellet Production Line

The Pellet Frying System is Suitable
for Frying Pellets / Fryums & Kurkure.

Features of Kurkure & Fryums and Pellet line

Model	FA-FPL-300	FA-FPL-500	FA-FPL-1000
Production Capacity (Fried Fryums)	300 Kg/Hr	500 Kg/Hr	1000 Kg/Hr
Total Heat Load	2.0 Lk Cal	2.5 Lk Cal	3.5 Lk Cal
Maximum Power Consumption	13 HP	14 HP	16 HP
Edible Oil Holding Capacity	320 Ltr	350 Ltr	430 Ltr
Total Length of production Line	47 feet	47 feet	50 feet
Automation Level	PLC – HMI		
Product Detection Sensors	Attachment Available in all Models		
De-oiling Mechanism	De-Oiling Vibrator or Online Hydro Both Attachable		
Fryer Insulation	Fiber Glass Insulated Fryer Body (Minimizing Heat -loss)		
Supported Products	Fryums, Extruded Snacks (Kurkure)		
Auto Oil Level	Attachable in all Models		
Width of line	14ft	15ft	16 ft

Fully Automatic Multipurpose Continuous Namkeen Fryers

The Multipurpose Continuous Frying System Is Suitable For Frying All Kind's of Floating & Non Floating Product Namkeen / Dal / Boondi / Vatana & Wafer/ Samosa/Chakli and other Snacks.

Continuous Namkeen Frying System Diesel / Gas / Pellets Burner Model

Features of Continuous Namkeen Fryer

Model	CNF-250	CNF-350	CNF-500	CNF-700	CNF-1000
Production Capacity	250 Kg/Hr	350 Kg/Hr	500 Kg/Hr	700 Kg/Hr	1000 Kg/Hr
Maximum Power Consumption	8.5 HP	8.5 HP	11 HP	12 HP	12 HP
Edible Oil Holding Capacity	370 Ltr	450 Ltr	530 Ltr	590 Ltr	680 Ltr
Control System	PLC – HMI				
Product Detection Sensors	Attachment Available in all Models				
Fryer Insulation	Fiber Glass Insulated Fryer Body (Minimizing Heat -loss)				
Supported Products	All Floating Products				
Auto Oil Level	Attachable in all Models				
Warranty	1 Year				
Installation Type	Free Stand				
Width of Setup	15 ft		16 ft		17 ft

● Features

- Heat Transfer Capacity: - From 2L Kcal to 15 L Kcal
- Heater Technology :- Three-Pass and Four Pass
- Efficiency:- upto 85%
- Fuel:- Wood, Briquettes

● Product Brief and Advantages

GUNGUNWALA Wood Fired Vertical Thermic Fluid Heater: Harnessing the Power of Nature for Heat

Immerse yourself in the world of sustainable heating solutions with the GUNGUNWALA Wood Fired Vertical Thermic Fluid Heater. Engineered to harness the natural energy of wood, this innovative heater represents a clean and efficient way to generate heat for various industrial applications.
